Cadillac manufacturer to benefit from tax credit

LANSING – Michigan Rubber Products, Inc. was awarded a \$513,000 Rural Single Business Tax Credit to help expand its operations, announced Sen. Michelle McManus, R-Lake Leelanau.

The tax credit will be used to help entice two new product lines to the Cadillac manufacturing facility. The new lines will include rubber products for the heavy trucking industry and rubber mats for newly constructed sidewalk corners that comply with Americans with Disabilities Act requirements.

“These funds give Michigan Rubber Products the opportunity to create 73 new jobs for the area,” McManus said. “If brought to Cadillac, these new products and jobs will spur development in the area and show new businesses that northern Michigan is the place to set up shop.”

The Rural Single Business Tax Credit is provided by the Michigan Economic Development Corporation.
